**Griggs Co. Central – October 13<sup>th</sup> at 9:00 AM**

## Influenza Immunizations

We will be doing influenza immunizations at all the Schools in October to increase our local vaccination rates and to avoid having your child miss school to get vaccinated. We appreciate & thank you for your participation. **All students will receive this letter. If your child has already received the vaccine, please note that on the bottom. Please return the Consent Form & the bottom of this letter to the school as soon as possible as we are trying to decrease reminder phone calls on the day your school is scheduled and ensure adequate flu vaccine is brought with.**

We are able to bill most health insurance companies for the vaccine and administration but we must have the form completed with both primary insurance information and policy numbers first. If your carrier considers Public Health as out-of-network, you may want to call them so as not to get a bill. **Please return both the completed form in addition to the bottom of this letter.**

If you don't have insurance, your insurance doesn't cover vaccines or you have Medical Assistance, please check appropriate box on the consent and provide your Medicaid number. If you have questions about your insurance coverage, please call your carrier. We don't want you to get unnecessary bills. Donations are accepted and appreciated if you don't have any health insurance coverage.

Please contact us if your child is due for additional vaccines or call us if you have questions at 701.322.5624, email Julie at [jferry@nd.gov](mailto:jferry@nd.gov) or text us at 701.230.3219 if you'd like. Dates are on the Health Unit Facebook Page <https://www.facebook.com/NelsonGriggsDistrictHealthUnit/>
